

Industrial Energy Efficiency Policy Working Group

Please join Climate Resolve, 24Connect and former Assembly Speaker Bob Hertzberg for an invitation-only working session with industry leaders to discuss what can be done on the federal, state, and local levels to scale up the use of industrial energy efficiency technologies in California.

Thursday, August 28, 2014

2:30 - 4:45pm

Carollo Engineers

707 Wilshire Blvd

Los Angeles, CA 90017

To RSVP please contact Karla Martinez at karla@24connect.net

*Followed by an educational briefing and happy hour hosted by the Pew Charitable Trusts.
